MAMMOTH MARGARITA

Proprietary recipe | Delicious | Unique

A great margarita starts with exceptional tequila and ingredients that one can't find in a commercial mix. We use only 100% Blue Weber Agave Reposado Tequila from Lunazul, a small batch, Single Estate tequila. Lunazul is produced at the Tierra de Agaves estate located just outside the town of Tequila and is 4000 acres with over 4 million agave plants. The Beckmann family has owned the location since the King of Spain granted the first license to the family patriarch over 250 years ago. Lunazul is hand harvested in small 20-ton batches that equate to approximately 320 finished cases. The agave is slow cooked for 27 hours, then fermented and distilled in Cognac Alembic pot stills. The final product is aged in used Heaven Hill Bourbon barrels. Our Mammoth Margarita recipe is hand-prepared in large containers to which we then add Lunazul Reposado. The finished product is then kept cold and staged under continuous agitation until served on the rocks.
